2017 – 2018

Session II (December 12th – February 26th)

Programs for children ages 3, 4, and 5

**LOTTERY FOR REGISTRATION WILL BE HELD ON
THURSDAY, NOV. 30TH AT 9:00AM IN THE PCC OFFICE**

Happy Feet Soccer – Children learn fundamental soccer skills; improve their balance, coordination and agility while getting a great physical workout. Children progress at their own pace with tremendous skill acquisition in a very short period of time.

Cooking With Class Lil' Cooks - Cooking With Class features the art of cooking intertwined with math, science, language arts, and more. This program is developmentally appropriate for children in preschool and includes unique cooking themes, stories, craft activities, and lots of fun!

Science = Fun - This eight week comprehensive class will expose children to all aspects of science processing skills. Each child will learn to approach situations using scientific methods. Observation, classification, measurement, prediction, and communication will be explored using paint, ooey-goey liquids, colorful solids, and fun project oriented experiments. At the end of the eight weeks, each child will also complete his/her own science notebook to take home.

The "Art" of Eric Carle – Eric Carle the beloved author and illustrator of a number of children's books is the inspiration for this class. The children will listen to an Eric Carle story then create one of the characters using a variety of art media.

Math & Manipulatives: Children will explore, organize and manipulate materials as well as communicate mathematical thinking with the instructor. The skills will include number concepts, patterns and relationships, geometry and spatial sense, measurement and data collection, organization and representation.
